

Project Development
Phase Model Performance Test

Date	26 October, 2023
Team ID	NM2023TMID08530
Project name	Project - Food Tracking system

S.No.	Parameter	Values	Screenshot
1.	Information gathering	Setup all the Prerequisite.	 <p>The first screenshot shows a terminal window with the text: "welcome to node.js v18.18.0. Type 'help' for more information." The second screenshot shows the Visual Studio Code interface with the "Welcome" screen. The "Start" section lists "New file...", "Open file...", "Open folder...", and "Recent...". The "Recommended" section lists "GitHub Copilot". The "Walkthroughs" section lists "Get started with VS Code", "Learn the Fundamentals", and "Boost your Productivity".</p>

The screenshot shows the Metamask Dashboard interface. At the top, there's a search bar and currency selection (USD). The main header displays 'Portfolio value' and '\$0.00' with a small icon. Below this, there are tabs for 'Tokens', 'NFTs', and 'Transactions'. The 'Tokens' tab is active, showing a list of tokens with columns for 'Token', 'Portfolio %', 'Price (USD)', and 'Balance'. Currently, there are no tokens listed, and a message says 'No Tokens (Don't see a token? Select)'. The sidebar on the left contains navigation links: Dashboard, Buy, Sell, Swap, Bridge, Stakes, Send & Receive, Watchlist, Settings, and Support. The bottom of the image shows a Windows taskbar with various application icons and the system clock.

3.	Remix Ide platform exploring	<p>Deploy the smart contractcode.</p> <p>Deploy and run the transaction. By selecting the environment – inject the MetaMask</p>	
4.	Open fileexplorer	<p>Open the extracted file and click on the folder.</p> <p>Open src, and search for utiles.</p> <p>Open cmd enter commands</p> <p>1.npm install</p> <p>2.npm bootstrap</p> <p>3. npm start</p>	

			
5	Local Host IP Address	copy the address and open it to chrome so you can see the front end of your project
